

# arete

vinyl sliding patio door

*Mobility*

# arete

Smooth and Quiet  
Energy Efficient  
Beautiful Design

elegant and  
designed to fit  
your budget

Your home is so much more comfortable with complete access to the outside. With an Arete patio door from Joyce, you can slide it open to let in the breeze, the light and the wonderful outdoors. Our vinyl Arete patio doors are also virtually maintenance-free – no painting or upkeep necessary – so your weekends can be as wide open as that incredible view.

The Ancient Arms of

Thrush

*Nobility*

arete (Greek: ἀρετή)  
-excellence of any kind

## Channel Bumper

Integrated channel bumper offers protection for the frame

Thrush & Son: Complete Home Improvement Company is proud to offer certified Nobility Windows. Since 1960, Thrush & Son has believed in providing homeowners with not only the highest in quality of products, but the most energy efficient, as well. Nobility Windows combines both of those features with their lines of windows and patio doors. With their breakthrough design and quality craftsmanship, Nobility outranks all the competition in today's vinyl replacement window market. Revolutionary engineering, paired with tasteful designs, builds a refined product of longevity and aesthetics. Substantial Energy Star ratings, combined with durability make Nobility the leader in intelligent design since 1955.

Nobility has been adding beauty and value to homes for over 60 years. Over the years, window technology has evolved dramatically and Thrush & Son has always been at the forefront of these evolution's with the partnerships that we have developed. Available in a wide range of styles, colors and finishes, each and every Nobility Window is unconditionally backed by the best warranty in the business: Nobility for Life. All components, from the glass, to the frame, to the hardware, are guaranteed for life, no questions asked. This is proof that Nobility is proud of the products they manufacture, and that Thrush & Son wants you to be proud of the products that you purchase.

Thrush & Son believes in offering the most energy efficient products on the market to help you save on energy costs from this day forward for years to come. Nobility is dedicated to continually looking for new technologies to make their windows and doors even more energy efficient and environmentally friendly. By choosing Thrush & Son and Nobility products, you are not only making a decision that will have a positive impact on the environment by reducing your carbon footprint, but also supporting two companies that are dedicated to being environmentally responsible.
